

	BatteryMINDER®					
Desulfation - Dissolves sulfate on battery plates, robbing power-reducing life	ALL BatteryMINDers use High Frequency pulses, <u>not</u> potentially damaging <i>High Voltage</i> pulses. Also <i>ON in all stages</i> .	<b>NONE - No Models provide desulfation.</b>	Low energy desulfating pulses, with none in maintenance mode.	Desulfation only available during initial charging stage.	Low energy desulfating pulses①.	<b>NO</b>
Temperature Sensing-Compensation – Prevents over-under charge over high - low temperatures	ALL BatteryMINDers compensate over full temperature range permitted by all major battery makers.	<b>NO</b>	<b>NO</b>	<b>NO</b>	<b>NO</b>	<b>NO</b>
Multiple Battery Maintenance Allows more than one battery to be on maintenance-charge from just one single charger	ALL BatteryMINDers are able to <i>maintain and desulfate</i> multiple batteries of same or different sizes from <i>just one single charger</i> .	<b>NO</b>	<b>NO</b>	<b>NO</b>	Can charge up to 2 batteries at once on 2-bank model only②③.	<b>NO</b>
Battery Condition Indication - shows user state-of-charge and condition of his battery	BatteryMINDER models 2012, 2012-AGM, 128CEC1 and 244CEC1 <i>show user state-of-charge, condition and if battery has weak or dead cell(s)</i> .	<b>NO</b>	<b>NO</b>	Yes	Shows battery state of charge.	<b>NO</b>

\*Providing product was not damaged and with Proof of Purchase

VDC Electronics, Inc., makers of all BatteryMINDER products, is solely responsible for this content. Our intention is to present what it considers are the most important features to the end-user of all products generally described as Lead-Acid based battery charger-maintainers or Maintenance Charger-Desulfators. It believes that it is the total cost of ownership over the lifetime of the product, not solely its initial price that a consumer should consider when making their buying decision.

All sources, references or claims are based on Manufacturer's own representations as appeared in their respective instructional manuals, web sites or advertising materials as of August 25, 2016. Any errors or omissions are unintended and not meant too obscure, obviate or in any way mislead or misinform.
